The level of service was exceptional. This included from initial booking my car in to the level of regular contact and updates whilst my car was awaiting parts from Germany and when being repaired. The quality of work carried out was of a high standard and all the faults diagnosed were properly corrected using genuine guaranteed BMW parts. On collecting my car the work and the cost of each item was explained to me. Faulty parts were shown to me to ensure that I

We use Millstream to service, maintain and MOT my wife's Audi A4 and my Landrover Defender. Millstream are always very accommodating and responsive. The quality of the various repairs and servicing work they have done for us has been consistently good.

Millstream have serviced and repaired all my cars for the last 15 years. The most recent serious repair was for a new turbo which had failed on my BMW and which they repaired last summer. They have carried out routine services and MOTs since then.
