I contacted Stephen to cut my hedge as being over 80 it hadn't been hadn't been cut for a few years. Stephen cuts lawns for a friend & he was recommended to me. He came to have a look & wrote out a detailed estimate of how much it was going to cost. He came back a few days later as agreed to do the work & I was very pleased. Everything was cleared up. I did mention as we chatted that a section of my fence was a bit loose & i was going to sort it out again, but by the time I went out as he was leaving, the fence had been put back & was solid!

Contacted Steve re: cutting lawns & hedge trimming. We arranged a date/time for him to call which he duly did.. in the pouring rain! We went around the garden to see the work that needed doing & I then received an

estimate on headed paper. The work was carried out professionally & all lawn clippings, branches etc were taken away & the area left neat & tidy. At last I've found a genuine gardener that I can rely on who won't mess me about as others have. So glad that Steve was recommended to me by my friends & I have no hesitation in recommending him.

Promised 2 hours with 2 gardeners every 2 weeks at a cost of Â£80. First time they came, just one person and I was charged Â£50! Came a second time and I had contacted him to inform him that my daughter had cut the lawns and that would leave more time to attend to garden clearing and maintenance which I had requested on first meeting, When I opened the front door he was there with his hands on his head saying... the lawns have been cut. I said how many times I had tried to contact him to convey this, even left a voice mail, but he," had been busy" We both went to the area of the garden that needed clearing but excuses were made and he sent the other chap to the van to fetch something. He also asked if my daughter would continue to mow the lawns and I said, probably. He left, no reason given
