Comments from consumers who have used this trader

24-Sep-2019

Phil visited the property on each occasion promptly and with a friendly and professional manner. Excellent work completed with sound follow up.

18-Sep-2019

Phil Browning of 360 Automations gave me excellent advice and service throughout. I have an in and out driveway so had two double gates fitted plus a walls to the entry. The quality of workmanship was first class and everything has worked smoothly during the past year since installation. I would add that several people have remarked on the quality and look of the gates and

| 07-Aug-2019 | <p>say how they enhance the look of the property. I fully recommend this company for its advice, competence and overall quality of product and after-care service. Communication from Phil throughout was excellent. He diagnosed the problem during a telephone call we had so arrived on site with all the necessary parts. I was out at the time and the only evidence of his attendance was a gate that worked even better than when it was first installed. Phil is a consummate professional and clearly has huge experience in his trade. Can't recommend him highly enough.</p>   |
| 13-Jun-2019 | <p>From initial contact through to arriving on site and repairing our gates, the professionalism shown and afforded to me, the customer, was exemplary.. knowledgeable and courteous at all times. Quick to determine the fault and remedy to leave our gates in perfect working order. New motor fitted and capacitors changed (carried in the van) and at a very reasonable price. I had contacted other companies in close proximity to where I live. None were as responsive as Phil. If you want a job done by a professional and at a reasonable price 360 Automations Ltd are the people to contact. Don't hesitate, you won't be disappointed. Customer service and satisfaction at it's very best. Thank you</p> |
| 12-Jun-2019 | Very Good - Prompt - Polite   |
| 12-Jun-2019 | Very Good - Prompt - Polite   |
| 04-Apr-2019 | Exactly what you want in a tradesperson. Good communicator , On time , reliable , knowledgeable , efficient. Got the gates working . Thank you Phil.  |
| 18-Mar-2019 | A quick response to my initial enquiry, and an early date arranged to undertake the work. Prompt arrival on the day with friendly service. All options were discussed prior to work being carried out. Everything left clean and tidy and working perfectly. Better than expected. Only minor criticism is the cost of call out (which I had previously been made aware of and accepted) . I would use Automated Gates and Doors again, and recommend to anyone.  |
| 07-Mar-2019 | All good  |
| 22-Feb-2019 | As always:swift response, punctual, professional and value for money.   |
| 03-Feb-2019 | We were very pleased with the level of expertise but how nice they were to work with.They were punctual , tidy and extremely professional towards what they were doing.One day something did not work due to an electrical problem and Phil came back to sort it out with no extra cost .He had to drive miles to sort this out and arrived with a smile on his face.I also appreciate the fact that he is very honest with what was possible and realistic in what we wanted,I would recommend his company to anyone who needs an automated gate.Thank you Mrs D   |
