Fab service from the first message to written quote and work done within 2 weeks. Work included dead wooding & reducing crown on a very large old oak; cutting back one neighbour's rowdy conifers to the boundary which was quite difficult as it is behind a high cabin: face off a long row of Laurel and trim and face up the other neighbour's prickly Hawthorn. A great day's work with much more light coming in to the garden and house. The site was left clean - no signs of their visit left behind. Price and service was Excellent. Thank you Mark and Keith. Highly recommend.

Excellent. Tree felling after severe storm damage (a very large oak and a large and hollow silver birch) also some other remedial surgery.

Excellent job, good service, nice person, very pleasant and easy to deal with. We also want our weeping willow pruned at the right time so the tree is not harmed. Awaiting date for this to be done - PROBABLY AUTUMN 2019.
