20-Dec-2020	Superb service from Lee and his team. Work was carried out quickly, efficiently and to a very high standard. Price was competitive and they went above and beyond to ensure a tricky job was completed to a very high standard. I would easily recommend P&D Driveways to anyone as I felt confident from the start that they would deliver a good job and that was exactly what I got.
21-Nov-2020	Excellent resin driveway. We couldn't be more pleased with the finished result or the process of each stage in the work. Lee and his team worked professionally throughout. The site was left tidy each day with all rubbish/spoil removed as quickly as it was produced. The attention to detail and work ethic was second to none. The job progressed in a methodical, well

04-Aug-2019	<p>Lee was helpful and professional and supplied us with detailed estimate/quote to install block paved hardstand/driveway to the front of our premises. With the exception of application fee to council for drop kerb/crossover permit no payment was required until job was complete and carried out to our complete satisfaction. Lee`s work force were pleasant hard working clean and tidy and kept disruption to a minimum, we were kept informed of process throughout installation and are delighted with completed work</p>
01-Aug-2019	<p>From the initial consultation to the finished driveway, Lee inspired us with confidence and kept us informed throughout. Lee and his team are hardworking, polite, easygoing and brilliant at leaving everything tidy during and at the end of the day. They were always punctual and paid particular attention to detail. We now have a fabulous resin driveway and a walled area of artificial lawn. It looks amazing and we've had so many lovely comments from neighbours and passers by. Have already made recommendations.</p>

25-Jun-2019	<p>Simply excellent, wasn't a single issue that needed rectification. They worked with me on the design from the start and advised as to what the best approach would be for me i.e. direction of runoff for drainage and how it was merged into a sloping path towards the other drive we live on a hill). They turned up on time every day, got on with the groundworks at a fast pace, kept me informed every step of the way and ensured sub-contractors when used were on site on time also. Very friendly bunch of lads, very diligent at cleaning up after every day and the result is simply outstanding. An absolutely excellent level of service from beginning to</p>
