10-May-2022

Cannot recommended highly enough. From estimate to fitting, Alpha Plumbing were professional, efficient and considerate. All pre-fitting communication was quick and reliable. Gaz and James left the house each day like they'd not even been here (apart from the obvious consistent and swift progress with our bathroom refurb!) They kept us up to speed at all times and finished the job ahead of time. Gaz even came at the weekend just to remove the rubbish that was building up. Nothing was too much trouble and they took the time to make sure that we were happy with our decisions. They were more than happy to guide us when we needed their professional advice too. Job finished to a really high standard. Simply cannot fault them or the job they did. A*

- 21-Dec-2021 Absolutely fantastic service and very high standard of work. I left a voicemail and they phoned me back within 15 minutes. They explained they had another job to go to but would contact me to let me know the situation. They phoned me back and sensing my stress arranged to attend as soon as possible, Nothing was too much trouble (even took their boots off to go upstairs). They were extremely thorough, carrying out the work very quickly and professionally. Everywhere was left clean and tidy and the charge was very reasonable - well worth it. Can't thank them enough.
- 24-Aug-2021 Excellent service - if I could give 6 stars I would. Gaz measured the job, gave us a price and a start date. Work was done to an exception standard and completed on time. Not only that but Gaz took all the 'rubbish' away so we didn't have to. Can't believe how quickly and efficiently the work was done. Gaz and James so polite and cheerful. I can't recommend Alpha plumbing any more highly - to quote Tina Turner, 'simply the best!'
- 13-Aug-2021 Excellent service received. Gareth is lovely and nothing was too much trouble (even with our awkward requests). He was very conscientious and the work was completed to a very high standard. We would definitely recommend his services.
- 25-Mar-2020 Mr Thomas is an excellent tradesman. The work he undertook was carried out to the highest standard. He was very knowledgeable and helpful in understanding what was required. He was punctual and very reliable. We would most definitely recommend him.
- 18-Nov-2019 Alpha plumbing came to give us a quote. They took measurements quickly and listened to what we wanted and provided a competitive estimate by email promptly. We were given an accurate date of when they would be available and they sourced the suite, tiles and fixtures according to our requirements and taste. They removed our old bathroom quickly with minimal mess or disruption to the rest of the house. The bathroom was tiled quickly and the suite was fitted professionally to a very high standard . Gareth was trustworthy, friendly and courteous however got on with the job and we hardly knew he was there. The final cost was as quoted. Excellent work and so glad we chose ALPHA Plumbing
