Comments from consumers who have used this trader

06-Nov-2022	Toby was professional, knowledgeable, and friendly, and completed the work on time and to budget. He replaced a steel beam in my house and did the work to an amazing standard. Wouldn't hesitate to use Toby again and would recommend him to anyone.
20-Jan-2021	Outstanding service on our new garden room. The end product is absolutely stunning, which is testament to the quality of work and level of detail provided. A very professional service was provided and a wonderful team delivered the project. First class detail and consideration was given to the quotation which gave me great assurance to move forward with the project - not least by the fact that Toby was able to understand my vision and clearly articulate it. I will use Toby and his team again for future building works.
10-Dec-2020	Toby repaired an existing floor and added a new engineered wood floor. He was here for two weeks and very considerate (I was working from home). very clean and quiet. I am so happy with the end result. So happy
14-Oct-2020	Toby did some carpentry work for us and completed it to the highest standard. It wasn't an easy job, but Toby

30-Apr-2020	<p>persevered until it was absolutely right. Toby was also very good at keeping us up to date via email with regards to materials and in confirming the date for the work to be done. Very pleased with Woodhams service and would highly recommend.</p>
26-Dec-2019	<p>Toby Woodhams is a very polite, articulate and thorough craftsman. His attention to detail is exacting and was above and beyond our expectations. This may not make him the cheapest of craftsmen as he will not compromise on quality of materials or workmanship. Covid19 put delays on the work being completed due to supply issues of certain materials but the work was done as quickly as the situation allowed and we are very happy with the result which was completed exactly in accordance with his detailed and agreed estimate.</p>
09-Sep-2019	<p>Very good communication; Professional approach; Thoughtful and reliable; Good experience to work with. Would happily recommend to a friend with confidence.</p>
20-Aug-2019	<p>Toby was efficient, helpful and did the job of installing a conservation roof light well, also liaising with building control and other trades (tiler, plasterer). The bill came in more than the estimate as it was more complicated than first thought but Toby explained this could happen before commencement and as the job progressed that became clearer along the way.</p> <p>Toby is clearly an experienced and very competent builder/carpenter. It was a pleasure to have him work on our project (granny annexe). Toby is a good communicator and the standard of work is very good. I would not hesitate to recommend him to friends and family.</p>
