Comments from consumers who have used this trader

23-Dec-2019	Craig serviced my private pumping station. Explained what he had done and gave advice re future work if necessary
09-Dec-2019	Excellent service, knowledgeable and competent, and only left once he was completely satisfied the work had been completed.
02-Dec-2019	Great Service
12-Sep-2019	We have no hesitation in recommending Mr Craig Simpson. He has always given us a prompt and efficient service with our old drains.
12-Sep-2019	Craig is professional, polite and tidy in his work. Given the complex issue with our drains Craig took the time to explain the issues and to work out the best way forward which will not only solve our problem but will also not impact us too much financially. I would have no hesitation in recommending Craig to anyone and you can certainly have peace of mind that with craig coming out you will get a good service without the worry of being ripped off which so often is the case, sadly a lot of tradespeople come out and inflated

10-Sep-2019	quotes but Craig says how it is and does the best for you.
10-Sep-2019	I used Craigs business once on my farm when the drains were blocked. I found that he got on with the job and charged a fair price. I will use the business again if I ever need this work doing again in future. I could see how committed he was to doing a good job.
10-Sep-2019	We wanted an inspection carried out on a septic tank prior to moving into a new (old) house. We contacted Craig who was very helpful, knowledgeable and responsive. He explained everything to us and his prices were clear and up front which gave good peace of mind. He also attended when he said he would and we will use him again for future inspections
10-Sep-2019	Excellent customer service, polite and very knowable. Everything was explained, videoed and explained again. No problems with me watching him work (as I was interested). I feel the fee he charged was fair for the work carried out.
10-Sep-2019	I was fearing the worst as a previous CCTV inspection by another firm had advised that it was near collapse. Craig gave some advisories but warranted the drains were all good. It is really good to have a firm that actually just does what you want without delay and over charging. I would recommend him to anyone so it's three five stars from me and they would be sixes if permitted.
10-Sep-2019	I was very pleased with the service I received from Simpsons. I would also mention that his high quality equipment diagnosed the problem very quickly (compared to another Water company I had out to check the drains).
10-Sep-2019	Excellent young man. Very professional. Use him for my business and personal jobs. Quick, efficient and good results.
