Comments: We are a family run drainage business who unblock drains, toilets sinks and manholes for a fixed price.

No call out charges, no hourly rates, just a fixed fee to get the job done and if we can't clear the problem then there will be no charge.

On the rare occasion this happens it could be due to a collapsed pipe or displaced joint, which we will be able to advise on any work that is required and provide you with an estimate for your consideration.

Honest, reliable and trustworthy.

Steve is very friendly, helpful, punctual and courteous. He spent time explaining what he would do and advised on best course of action. Work completed to agreed fixed price. Would recommend.

16-Dec-2021

Drain blocked - who to get out ? Went on Buy with Confidence - Steve was the second company I rang - he picked up straight away - he said he would come later this morning after another job - he messaged when he was on the way and now my drain is clear. What more could you ask ? Lovely chap. Will keep his number handy.

11-Sep-2021	<p>I discovered my drains were blocked Friday afternoon and was so pleased (and relieved) when Steve Barnes said he could come out at 9am the next day - Saturday morning. He arrived punctually, cleared the drains very quickly and efficiently, leaving no mess, and the price charged was what he had quoted me over the phone. I would definitely recommend him to others and will definitely use him again if the need should arise.</p>
19-Jun-2021	<p>Excellent, prompt and professional service. Used high pressure jet washer + CCTV, identifying the problem which was an obstruction by an incorrectly installed water shut-off valve. Clearpath Drainage gave excellent advice about contacting the water company, who took responsibility. We would never have known the cause of the problem without the CCTV evidence. A big thank you to Steve and Clearpath Drainage. Would highly recommend this company.</p>
26-Apr-2021	<p>Absolutely brilliant job, arrived quickly, sorted out the problem swiftly and thoroughly and left having cleaned up properly. The price quoted (which was very reasonable) was the price we paid. I cannot say how delighted I am to get a service which is second to none. Although our problem doesn't occur very often I would always call this company. This is the type of service you always hope to get but you almost never do. Great job, thanks very much.</p>
26-Nov-2020	<p>Fantastic service. Turned up on time and suitably protected during coronavirus pandemic. Cleared blocked drains quickly and efficiently. Very reasonably priced too. Highly recommended.</p>
26-Nov-2020	<p>Excellent service. I had already had another company out to try and fix the problem I was having with slow-draining toilets and they had charged me for hosing out the pipes however this did not solve the issue so I wanted a second opinion. Steve came round promptly and discovered that the other company hadn't investigated the right drain and had completely missed the fact that it was full of soil and debris. He arranged a time to come and fix it and attended on a Saturday to accommodate my work commitments. Good communication throughout, sensible price, and wouldn't hesitate to use again or recommend to others.</p>
26-Nov-2020	<p>They were great, explained what was needed and got on with the work.</p>
26-Nov-2020	<p>Steve Barnes of Clearpath Drainage came out at short notice. He investigated thoroughly and discovered, by putting a camera through the drainage system, that a waste pipe had been broken by gas company when they relocated a gas pipe. He gave me advice on what should should happen next and passed on the photographs to send to the gas company. At beginning of June, when the gas company left me in a situation which caused me extreme distress, Steve volunteered to come out on a Sunday, in his own time, to talk me through what the gas company should do to correct</p>

26-Nov-2020

the problem when they returned the following day. I decided to ask Steve to do the whole job himself and informed the gas company that I trusted Steve to complete the work to a higher standard than the gas company, which he did.

26-Nov-2020

Received very good service. The team were polite and tidy and completed the job within good time with no added 'extras'.

26-Nov-2020

Very good and tidy...

Excellent - responded quickly to the call out, investigated the source of the blockage, resolved it with some high pressure water hoses, We were concerned that the drains might need to be replaced, but Steve reassured us that, while they were a little worn and not in perfect condition, they were generally serviceable and this was not the reason they had blocked. The bill was exactly as estimated. A friendly, courteous and professional service, we would highly recommend them and have kept their details to pass on to friends and relatives or to call again ourselves should the need ever arise.
