- 25-Oct-2020 Fitted a new valve in cistern and plumbed in new bathroom taps and waste. Very happy with the work carried out and the level of professionalism. Offered very useful advice and was able to provide some parts that I had forgotten to buy which was really helpful. Clean and tidy work, courteous and friendly. Will recommend to friends and family and use again for future plumbing work.

- 25-Oct-2020 We found an honest, trustworthy engineer with excellent communication skills! We had a major boiler service as it hadnt been done in a few years. David didn't replace parts we didn't need replacing, saving us money. He was on time, cleaned up after himself and polite. I would definitely recommend him to family and friends.

- 22-Sep-2020 I use David for my yearly service and any other plumbing jobs and as soon as you contact him he replies and aims to carry out the work quickly and very efficiently and at very competitive prices - no hesitation in recommending him.

27-Aug-2020	We are very happy to have a new boiler working fine and with all of the followup registration and guarantee paperwork done without any hassle. David was very clear and straightforward to deal with and very capable. We appreciated his cautious approach with regards to working in the context of the current coronavirus pandemic. We would not hesitate to recommend him to anyone.
