- 13-Dec-2020 Prestige converted our loft and we're delighted with the result. From beginning to end we have been delighted by the service provided by Jay and the team who have worked tirelessly to complete the job. The quality of the workmanship is high, and the finish is excellent. We had the same group of workmen throughout the project which I personally found reassuring, and they were very respectful of our home throughout. Prestige wasn't the cheapest quote we had, but were pleased we spent the extra on this build.

Amazing all round experience. Their tradespeople were really forward thinking and led by Jay the founder, they deployed great design ideas from years of experience. Overall great value for money because everything was done right and to high standards.
