02-Jul-2021

Excellent well done job. My garage with an asbestos roof was demolished, The base was also removed and in addition they were also able to put up 3 runs of fence panels for us. Anthony was very obliging and altered the date of the work when asked. Jason who assisted him is very strong and competent. They have all the mechanical equipment necessary to do a quick efficient job, it was completed on time following all the compliance rules for asbestos removal. I was very pleased and would not hesitate to recommend Fallon Pilott Ltd to anyone.

Anthony and Jay did a fantastic job removing a large concrete garage with asbestos roofing from my garden. The work was completed quickly and carefully, with all necessary safety measures taken when it came to removal of the asbestos. The area was swept and cleared thoroughly once the garage had been removed. Both Anthony and Jay were polite, respectful, and helpful throughout, and were more than willing to

accommodate any minor requests that arose on the day. I would happily use Fallon Pilott again in future, and can recommend them without hesitation.
