Comments from consumers who have used this trader

- 03-Jan-2022      Very responsive, helpful and professional friendly service.
- 21-Dec-2021      Prompt, friendly , efficient and professional. A boiler replacement was completed with the minimum of inconvenience and no unexpected charges. Would certainly recommend.

23-Nov-2021	We recently replaced the old boiler and water cylinder system, which is a very big job. Hence, we were careful of selecting a right plumber. Attracted by their values, we chose The Bedford Plumber. It is a decision that we will never regret. By the time when it was done, we had been convinced that we had the best plumber who have ever helped us. The guy Lee is passionate about what he does. He is proud of his work, which demonstrates great craftsmanship. He was also kind enough to help us fix a few other problems without extra cost. great service, I am very happy and would like to recommend to others.
14-Nov-2021	Lee is excellent and our heating system has never been better since he has been serviced it. He has also replaced basin taps and a sink mixer tap. We changed to Lee several years ago after leaving British Gas because recently their servicing of our heating was a disaster. Well done Lee. 5* service Wallace Family.
03-Nov-2021	I'm very happy with the work Lee has done, replacing my boiler, installing a new hot water tank and replacing several runs of outdated pipework and a radiator. He was able to come out quickly to stop the old boiler from leaking, and was back soon after to install the new system. He took the time to understand our requirements and to make sure we got the most suitable system for our needs, quickly resolving whatever complications arose during the job. I wouldn't hesitate to recommend The Bedford Plumbers and they'll be my first port of call for any future boiler servicing and general plumbing needs.
30-Oct-2021	Lee has an encyclopedic knowledge of all things plumbing and has fixed every problem we've given him, which is why we'd never use anyone else. He's friendly, reliable and charges reasonable rates - but above all, he knows his craft and always does an excellent job.
02-Mar-2021	Very polite and knows what he is doing. Does not mess around, just gets on with the job and keeps you informed of what he is doing.
02-Mar-2021	When got let down by a company we usually use, lee was very good. Came round on the Monday ordered the part needed and fitted it next day. Very prompt and professional.
