

06-Feb-2022	<p>will definitely use them again when the need arises. Bespoke Gas Ltd fitted a Worcester Bosch Greenstar 8000 Style and powerflushed our system. The boiler was relocated from a kitchen cupboard to the airing cupboard. Anthony and his team were on time, and their workmanship was excellent. They left everything clean after each day and covered all our floors and work areas before starting work. For 2 full days they didn't stop!!! I would truly recommend Bespoke Gas Ltd to anyone who needs assistance with their heating system. We now have a modern boiler system and my attic is clear of 2 water tanks. Thank you Anthony.</p>
28-Jan-2022	<p>First class service as usual, curious professional and thorough. Would use none other.</p>
26-Jan-2022	<p>Since my last input on the services of Bespoke Gas Limited, I have been unfortunate in experiencing two further water leaks. On both occasions the leaks were discovered late on a cold, dreary and thoroughly unpleasant winter's afternoon. As always, the response from Bespoke Gas was nothing short of brilliant. While one leak was thankfully slow and easily containable and therefore non urgent, the second was most definitely not, taking out all hot water and central heating. Anthony Stark yet again proved his outstanding dedication to his profession and customers with a response that was more that anyone could have wished for.</p>

04-Dec-2021	<p>Very positive experience from start to finish.</p>
10-Nov-2021	<p>Excellent as always. Very friendly and helpful.</p>
02-Nov-2021	<p>I have utilised the services of Bespoke Gas Limited for several years, more recently in rectifying a water leak in my gas boiler, discovered over a weekend. As always the response was excellent underlying the company status as a 'Premier' local company providing outstanding quality in all they undertake. Professionally led by Anthony, his loyal, experienced and knowledgeable teams approach is clear, put the customer first in undertaking whatever challenge is presented. Do not waste unnecessary time and effort seeking alternative quotes for planned or emergency, large or small, difficulty or simple plumbing and heating tasks: Bespoke Gas Limited will, and do, deliver immeasurable 'Value for Money'. Contact Bespoke Gas Limited, safe in the knowledge that a quality service will be delivered.</p>
24-Sep-2021	<p>Dealing with this company is a pleasure. Everything is very organised and nothing is left to chance. Contact is very efficient but not intrusive or too frequent. The job was done well. We will use this company again for the next service.</p>
13-Sep-2021	<p>Helpful and considerate of our needs. Fuss free, clean and tidy.</p>

13-Sep-2021	Helpful and considerate of our needs. Fuss free, clean and tidy.
29-Aug-2021	This firm is a real find! So very pleased we used them. They are technically highly competent, courteous, helpful, tidy, and thoughtful. Seriously, if you want a new boiler or work done on your gas installation, look no further!
27-Aug-2021	We had our oil tank replaced which also involved removing supporting pillars and installing a new base. We were impressed by the level of consideration that we received. The work was carried out to a high standard.
17-Aug-2021	The usual excellent service from Bespoke Gas. On time, on the ball, in the know.
02-Mar-2021	I can only comment on the quotation process at this stage which was impressive. The level of knowledge presented and willingness to explain options and reasons behind various processes was great. All aspects were openly discussed, recommendations made but not forced and pricing variance laid out. Time was also taken to quickly respond to some further questions by email afterwards.
02-Mar-2021	Excellent service, always go above and beyond.
02-Mar-2021	We received excellent service. Prompt reply to my enquiry and a very quick appointment booked. Mr Stark was professional and provided an excellent service, resulting in our boiler being promptly fixed. We were very happy with the service and would recommend to others.
02-Mar-2021	Excellent service, very capable engineers and very good customer service no matter how busy they are.
02-Mar-2021	Prompt courteous trustworthy good quality workmanship.
