| 01-Feb-2023 | We had our lofted converted into a usable space which required coming up with a solution for creating accessible storage in the eaves and access to the loft. We are delighted with the outcome and the quality of workmanship |
| 01-Feb-2023 | Very pleased with the level of service received. Total project was well managed and coordinated from inception to completion. Work was completed on time even though the weather interfered. We were kept well informed of progress. Friendly and polite team who were careful and considerate. |
| 13-Jan-2023 | We are completely satisfied with our new patio. During the planning stage, Ben made some excellent suggestions that we had not considered. The workforce were always prompt, hard working and personable. We would not hesitate to use R&R again for any future building work. |
| 13-Jan-2023 | R and R are a very well run family business. We have had several issues with our house, and they have been massively supportive. We would recommend them to all our friends and family. |

12-Jan-2023	Whole team was fabulous to deal with from start to finish. Really detailed itemised quote. Job came in on time and on budget. Because of raw material price rises, covid delays etc etc which are very common at the moment Ben ensured we purchased as many supplies ahead of commencement of job (which he stored off site) so there were no price shocks nor lead time issues once we started. Inevitably, I added extra work to the job as we went along (as you always do when doing building work). R&R were great at agreeing the price of all extras in advance. Ben was adept at gently querying (in a very, very polite way) some of my ideas and offering different approaches which were way better. He came up with some creative solutions to some specific site issues. Happy to recommend the whole team.
27-Mar-2021	Updates via email or phone leading up to appointment. Work was carried out promptly, and guys were really pleasant. Once finished everything was swept and vacuumed. Doirs look lovely and really make such a difference to the space.
25-Mar-2021	Great team
25-Mar-2021	R&R completed a full 2 storey annex build. We love our retirement home and the finish is excellent. All project managed by Ben we didn't have to do a thing
25-Mar-2021	Nothing was too much trouble Excellent from start to finish
16-Mar-2021	I was very happy with the service R&R delivered from polite workmen who worked professionally installing our doors upstairs in just a day, to a very clean finish, overall job was very well done we will definitely be using R&R for all our building needs going forward.
16-Mar-2021	I used R&R Design and Build Contractors to level out a slopping garden with retaining walls and block pave the area to give additional parking to my house. The work carried out was of an exceptional standard with a high attention to detail. The area was cleaned down at the end of each day and left spotless. I'm very happy with the final result and have no problem in recommending R & R.
16-Mar-2021	Great service from day 1 through to completion. Great communication, workmanship and we are extremely pleased with the end result. Would not hesitate to recommend R&K to anyone looking for any building work or groundworks.
