A huge thank you to D&S Roofing for doing a fantastic job replacing the Fascias and Soffits of my house. I am really pleased with your work - it looks amazing. Stuart, Aaron and Stephen were extremely friendly and polite and I felt I was in "safe hands" with their expertise and experience. They left the area outside/by my house immaculate each day. Many thanks again for the quality service.

The work was completed to a high standard. The finished guttering looks very smart and performs well. The site was cleared away and well swept when the work was completed.

Service was excellent. After the work was completed we had some issues with the Velux roof windows which was no fault of D&S Roofing. However, D&S Roofing liaised with the roof window vendor and Velux in order to rectify the fault.

Pleasant, professional and tidy. Neat job, but we were not happy with fall into the guttering. They came back, part stripped the roof, changed the slope and recovered with new EPDM. Now perfect.
