We had a large, unusable sloping garden. Now we have an amazing garden, which we can finally enjoy with our young family. Tony created a beautiful decking area, a lovely flat lawn held by a stunning stone cladded retaining wall, two smart patio areas and planting areas. We were impressed with Tony's conscientiousness, commitment, determination, and willingness to try anything. His flexibility and great communication was a bonus throughout the project. We felt informed, and confident that we could always approach him discuss ideas and progress. This made a huge difference to the final product; we felt we could trust Tony from the beginning to deliver with integrity, and he did just that. I would recommend Tony to other people who need any manner of garden works, in an instant.

Tony created a two section decking area which was also completed to our specifications. They completed the project to a very tight deadline. Tony and his team showed the highest level of professionalism all the time. He saw solutions to all our obstacles, and we were always kept in the loop, Tony always communicating clearly throughout the project. The project was completed within a tight budget. Thank you Tony,

A Totally Professional Service. The fence that was installed was one of the best I have ever seen! The incredibly sturdy posts that were cemented in look to ensure this fence will never move, seriously professional wood used, the best gardening job I have ever had. The Decking fitted was fanatastic and fitted so precisely to plan. Thank you very much Boardwalk Devon, from a Happy Customer! 100%
