What a helpful gentleman Jabe is! I contacted him to help an elderly neighbour with a few problems. Jabe was able to come out within 20 minutes and help. His price was extremely reasonable and he went above and beyond to help. I cannot recommend Jabe highly enough. He was happy to give advice on what course of action we should take next. I have no qualms in recommending his services. Thank you very much.

I found Jabe to be friendly and helpful from the outset. Initially I asked him to quote me for installing new taps and carry out various plumbing works, including installing an outside hot water tap. Also, there was a sticking ball valve in the cold water tank, which was making a terrible noise. When he heard the noise he offered to replace the valve immediately, as he had one on his van. This was quite impressive as he only

	<p>came to give me a quote. I accepted his quote which I found to be quite reasonable. The work was completed on time and, as far as I can see, to a high standard. A few weeks have since passed and no problems have emerged. Based on my experience I am happy to recommend Broadwater Plumbing and Heating Services.</p>
01-Jul-2022	<p>A friendly and efficient service from Jabe. Replacement of a WC with every plumbing and alignment issue that comes with older flats, even some carpentry work for the design. All of my requirements were met and carried out with confidence. Quick responses to messages, he managed to fit in the job and finish within just a few days of initial contact. No hesitation to use Jabe's services again if required.</p>
29-Mar-2022	<p>Another efficient and effective installation - new Showerboosters pump onto a lazy kitchen hot tap / fitting of a new Grohe tap / sorting of external garden tap. All done to budget and on time. Well recommended.</p>
07-Mar-2022	<p>Excellent sharp service: fit new hot and cold valves to main system + hot and cold taps to external wall. Neat job executed without fuss and on time. Good price and knowledgeable advice. Recommended without hesitation after recruiting from BWC website. Invited back to next fit new sink into kitchen.</p>

19-May-2021	<p>I received the highest level of service from beginning to end. All aspects of work, plumbing, plastering, electrical, carpentry etc were carried out efficiently and to a very high standard. Nothing was too much trouble, simply put, Broadwater Plumbing gave me the bathroom of my dreams.</p>
19-May-2021	<p>Did the work well and was reliable. We had tried a few plumbers before but he was the only one that was willing to do the work and get back in touch with us so we were grateful. Our minor criticism would be that we didn't find his communication as clear as we would have liked. Although he attempted to explain things, he answered our questions in an indirect way instead of listening carefully to where we were coming from with our questions. He did take time to explain though including with diagrams and had a pleasant manner.</p>
