Comments: Our gin is made using traditional gin basket infusion to create delicate pure flavours. Every bottle is part of a small batch production, ensuring that we can deliver a truly hand crafted gin. Using premium sourced & locally foraged Atlantic coastal botanicals, all our herbs and fruits are freshly prepared and the flavours slowly extracted through the botanical basket to preserve the delicate flavours. With the addition of local Tarka Springs water, this gin is uniquely soft with superbly clean flavours and aromas. It's all about the flavour! #spiritofnorthdevon
