Comments: Organise My Bills is a unique service helping households alleviate the annual headache of having to search the markets to get better deals on their household bills. From our extensive research trawling the markets, filling in the same forms answering the same questions isn't something households enjoy doing. Our moto is 'understanding the value of your time' and with over 60 years' combined experience in contract negotiations, we act as your personal assistant covering the following services Gas, Electric, Insurances, Mobiles, Telephones, Landlines, Broadband, we also make sure you never miss another MOT, Vehicle Tax or Service Date. (At the time of writing this households have no choice in who they use for their Water Bills, once this changes in the UK, it will be included automatically in our list). When you sign up you will be introduced to your own dedicated account manager, you then receive our household questionnaire. Once returned we will update our system with all the relevant dates and when they come up for renewal, we start our process. If it's a household bill we will use our extensive experience, do all the research, and present our comparisons to you. We then discuss the options available, you choose, and we complete all the paper work on your behalf. If it's an MOT, Service or Road Tax we will continue to remind you until it has been arranged. As mentioned above, this service is unique to the UK, and we charge just £11.99 a month, or you can pay annually and receive a 20% discount. Our goal is to build a strong ethical, long-lasting relationship with the household. For more information, please visit our website. Alternatively, please contact our office on Freephone 0800 230 0086.
