- 04-Feb-2024 Robinson's undertook a complete renovation of a rental property that I owned and were brilliant. They carried out a full survey and provided me with a detailed estimate and came in on budget and on time. The renovations included structural alterations to open up the kitchen dining room, new kitchen two new bathrooms, carpentry, full re-decorations and some roofing work. If you want a company to cover everything then in my experience you cant get much better than them.
