Excellent service.

06-Mar-2021

The workmanship, care and attention to detail was of the highest quality. Nothing was too much trouble. We changed our mind on the height of the fence and Jon was happy to change the materials without cost or time impact for us. Jon took real care of our garden while completing the work and he was so diligent in his approach to maintain a COVID safe environment for us and himself. Jon's ethos is to leave the customer delighted and I can confirm that we are delighted with the end result and improvements it has made to our property.

Jon has done work for me on a previous occasion. The

18-Mar-2020	<p>standard of his work is excellent He is polite and a really nice straightforward guy.</p> <p>Jon, The Fence Man, erected a large shed for us. He took care to provide good bearers in which the shed would sit and advised us on levelling the site in advance of fitting. We had used his fencing service previously so trusted his advice and I love the shed!! So happy.</p>
08-Feb-2020	<p>The Fence Man was recommended to me by my friends. They had hired Jon on behalf of an elderly neighbour who was nervous about having work done. She relaxed when she met Jon. He has done back fencing for us, front fencing and a bin store and we hope to get him to erect a garden shed as he is totally reliable, trustworthy, does great work at a decent price. Wouldn't hire anyone else for this kind of work. Plus he is a decent man. Thank you Jon.</p>

He went above and beyond to help us with a tricky job and so we're commissioning him to do decking next year too. Our neighbours told us that they can tell between the work someone else has done and the work John has done for them as the difference in quality is so noticeable. Why go anywhere else?</p>

He came around to receive delivery of the fence panels and posts the day before the work started; and while he was here he was hard working, polite, friendly and helpful. When quoting he gave us photos of the different fence panels and made suggestions as to height and style of panel that would work in our garden. We will be having him back to do some more fencing and I will recommend him to friends.</p>
