I was very impressed with the level of service provided by JMH. Claire who took my call was friendly and professional, and went the extra mile to help me. Her manner in dealing with me confirmed that I had chosen the right company for the job. Kenny the engineer arrived on schedule and carried out the work as requested for my elderly uncle. I needed a reliable company whom I could trust to do a good job and I was not disappointed by JMH. I recommend them 100% and will use them again when the need arises.

This was the third time we called upon the services of JMH and things haven't changed since the first job they did for us. Still efficient, still kept us informed, still excellent workmanship (this time by a staff member who was more than helpful), still polite, still tidy.....this was a completely satisfied job again. Needless to tell anyone that we will have them back later in the year for another job. THANKS again JMH!!!!!!

We opted to install a toilet with Jason after he installed a new central heating system for us last year. Again,

What a cracking service we received, the staff were very polite, very efficient and very clean. The job was very reasonably priced and nothing was too much bother. If you want a job well done then do not hesitate to get in touch with Jason. We recommend him highly!! Thanks guys!!!!

Very efficient, timely and very good value for money.
