Richard was friendly and helpful. His communication was prompt and accurate. His staff were courteous and respectful. Overall I was delighted with the glazing provided where no other company locally could accommodate my needs. I would have no hesitation in recommending Safeguardglass.

The company attended the day I phoned them following an attempted break in in at my church. They were busy but found time to come, measure up and board the window. They returned later the same week and fitted the glass adapting the time of the appointment to suit me.
