Turned up as agreed. Provided good advice by phone and email. Excellent job. Left the room clean. Absolutely no complaints.

Trader gave me an idea of how much it would be over the phone. Charged more or less what I expected. Was pleasant without being overly familiar.

We have tried for years to get rock door keys cut and never found anyone. This company persisted until he succeeded so thank you very much!!

Mr Cusworth replaced the lock on our double-glazed porch door. Work carried out quickly, efficiently and at a good price. He also checked out the locks on our other doors, and gave us good advice about the security of our locks generally. He was punctual and very personable. Very pleased with the service and will definitely use again.

Before starting Danny advised me that a repair might not be possible and that he might need to purchase a new locking mechanism for the door, which would significantly increase the cost. However, after considerable patience and perseverance Danny was able to repair the locking mechanism without the need for any extra parts. He is a very friendly, honest and informative tradesman and I would have no hesitation in recommending him to other people who have a problem with a door lock.

Danny provided me with a very efficient, reliable and friendly service. He was punctual, helpful, professional and went out of his way to provide me with the best possible service. I would highly recommend him. Fantastic job!

What a service....unable to lock house front door, Danny came within two hours and made door lockable for overnight. Next day first thing arrived with new replacement locking mechanism and installed. Extremely efficient and tidy workman, thoroughly professional. A true gent, would not hesitate in recommending. Many thanks Danny.

I am not ordinarily prone to writing reviews, but Danny Cusworth deserves all the credit and positive feedback he earns. He is a rare combination of tradesman who combines all the qualities we all look for but so rarely find. I cannot recommend him highly enough. He resolved a problem for us which has been re-occurring for us over 12 years. He fixed the lock just like all who had gone before him (some of them expensively) but identified the cause of our repeating problem was being caused by the door. He duly adjusted our door as well and we now find the door works as intended for the first time since it was fitted. Top marks Danny, great work, great customer focus, great knowledge, and enthusiasm. Finally he's a really nice bloke as well! Got a lock problem? Get Danny in!

Danny is an absolutely incredible locksmith. When we first moved into our house, he came by and gave us the most stress free service we've had since. When we asked about extra keys, he cut them for us and dropped them off! We've asked him about cutting some new keys since, and his prices are so good I can't believe it! He's been incredibly helpful too. If you want a properly personal service, definitely get in touch.

I can't praise Danny enough, he quickly sourced and fitted an obsolete locking mechanism for my upvc door for less than a tenth the cost of a new door.

Excellent service - arrived on time, changed 2 locks quickly.

Our request was urgent and Danny arranged to repair our door the day we rang him even though he was very tight on time. He fixed our door all the while explaining what was wrong, what he would try to fix it and gave us his details in case we had any issues while the new mechanism was bedding in even if it was months down the line! Danny was very professional and helpful and we would definitely use him again and recommend him to our friends. So glad we found someone local who is this good!
