26-Feb-2019	Arrived on time,was polite,talked me through what was wrong and showed me the damaged part.Cleaned up afterwards and I can find no fault with his work or attitude.Will definitely put him on my reliable list and use again!
22-Mar-2018	C&D Appliances have done repairs for me for a dehumidifier, washing machine and cooker. They have always been very helpful and explained repairs, parts waiting times and costs very well. They want to keep things working which is great, and have been open when that's not possible. I would definitely recommend them to anyone looking for appliance repairs.
14-Mar-2017	I needed this company for advice and a spare part. Whilst coming up trumps here what was really good was their willingness to help and obvious belief in customer service and good will. They even did not charge me for the part. If their practical skill on site (not tested) is anything like their over the counter service, then this business has much to recommend it
19-Sep-2016	Good service and good price
16-Sep-2015	Always helpful and honest
22-Jul-2015	Recon - washing machine New Microwave Repair to built in oven.
