Went to dp cars after looking on line to px my car, seen the car online with lots of photos, when went to view the car it was as described. Low mileage with full service history, the team were very helpful and I drove away after completing some paper work and they helped with 0% finance. Great team and very happy with my new car. Thank you DP Cars

Purchased a vehicle in February Which was sold with a new MOT and no advisory notices. On collection of the vehicle the wiper blades were split and not clearing the windscreen, this should be an MOT fail item. The car was used to travel to work until March 24th 2020 when Covid 19 lockdown started and the car was barely used between then and July 20th, The car then suffered a headgasket failure in August. i reported this to DP cars on 28th August as under the consumer rights act i considered the vehicle to be of unsatisfactory quality. After having to chase DP cars up for a response DP cars did not offer to repair the vehicle and have refused any recompense. I contacted DP cars a second time to ask them to reconsider their position on September 12th and they have failed to respond.
