29-Jun-2017	
29-Jun-2017	Again excellent service from all concerned. the only thing i would have changed is i would have preferred to have been told there would be a delay due to final measurements not being taken until the old conservatory was removed. this being the case, I would have got my builders to remove and board up ahead of the job as the delay has resulted in 2 extra weeks storage charge for our furniture, the builders have had to delay there next job and we have incurred extra costs. the overall service from fitters through to office staff has cushioned the disappointment
