Mikes team moved my belongings into storage in Feb, and then moved that and the contents of a second property into our new house. Nothing was too much trouble. All very organised. Excellent service. Huge thank you.

The service provided by VanMan was excellent, Daryl and Leon were extremely helpful and the care taken with my belongings was most impressive, I was a little concerned about my grandfather clock but it was immediately obvious that these men really knew their business and they even explained how they were packing the clock and how to protect it when moving and storing it, nothing was too much trouble and they managed to move every thing from my three story five bedroom house without leaving a single mark. I am delighted with this company who from my initial enquiry and their prompt and helpful response right through to my actual move could not have been better. Thank you to Michael and Daryl & Leon. From Caroline Pickering.

26-Jun-2016	The two men (and vans) arrived punctually and were very polite, extremely pleasant and nothing was too much trouble for them. Naturally, they worked very hard loading and then unloading the their main characteristic was their unswerving cheerfulness and upbeat and positive outlook on all events relating to the move. At this very stressful time what is needed is to be told that everything will be all right - and this is exactly what they provided for us - and even when undertaking the extreme sport of Devon lane driving they remained cool, calm and collected - they are a credit to the company.
