- 25-Sep-2023 Andrew has been looking after our computer for the past 9 years. He is always quick to respond and has given us excellent service and attention. Pleased to highly recommend.
- 21-Jul-2023 AP-IT was recommended to us by a friend, and we would forward that recommendation to anyone who is looking to address issues with their Mac. Andrew had our Mac for 36 hours and transformed it from a slow-loading pain to an express delight. It's a totally different machine following the installation of a new solid state drive. And it's not just Andrew's professionalism, he's also very friendly and prepared to give guidance on other issues.
- 30-Jun-2023 My desktop pc was running painfully slowly. A new drive was fitted in good time at a reasonable cost resulting in one very happy customer.
- 24-Mar-2023 Mr Perry has dealt with problems as well as providing ongoing security for internet use. Always prompt and

18-Nov-2022	Given a very old digital photo album Andrew of AP-it somehow succeeded in transferring my photos onto a memory stick. He had never seen such an album but took on the challenge. I can now view these photos much easier and clearer. What a trooper! Highly recommended!

05-Apr-2022	The previous company which provided my IT support had stopped trading. Andrew was local and offered the service for my needs. I was reassured by his professional attitude when I first made contact and was very impressed by the results. The first class 5 star rating is well deserved.
24-Feb-2022	Responded to my call straight away and explained his services and cost which put me at ease. Booked a quick appointment and when Andre arrived very friendly and quickly found problems, explaining it to me as he went along. Took computer to his workshop and repaired it quickly as he promised. Returned it to me and re-installed all the programmes. Gave me an explanation of the work he carried out and itemised on his invoice. Very pleased with his work, charges and friendly manner, I highly recommend his business.
07-Dec-2021	I'm extremely happy with Andrew's work, cost and professional approach, especially with the new enhanced performance of my 9 year old laptop that had slowed down to 20 minutes to fire up, its now 15 seconds.....whoop whoop. I dropped the laptop off in the morning and collected it a few hours later with a clean bill of health and an explanation of works carried out and a demonstration of the improvements before the laptop was handed over.

19-Dec-2020	My PC had died and I requested recommendations from the Sovereign Harbour neighbourhood group - AP-it and Andrew's name came up a couple of times so I contacted him. Spot on. Would highly recommend.
