Comments from consumers who have used this trader

07-Apr-2019

They put roof lights in our kitchen and has made the kitchen so much bigger and lighter. Good timekeeping, conscientious workers. Would highly recommend

17-Mar-2019

They were excellent in the workmanship and listened to what was required for our teenager son.

24-Apr-2018

Excellent in every way!

28-Mar-2018

Peter and John Littlejohn have done a variety of jobs for us over the last two years or so - converting a garage, fitting a kitchen, taking out a central chimney stack - and on this last occasion painting our lobby, hallway, stairwell, landing and upstairs corridor. Once more, I have found them to be careful, skilful, and ingenious workmen, with a wealth of shared experience. However, I also value their considerateness, going the extra mile to minimise the inevitable disruption that comes with work in the home.

22-Mar-2018

Friendly and efficient. I would definitely use them again.

09-Mar-2018

Pete and John are the hardest working builders I know, and I supervise contractors for a living.. They are straight talking, friendly and efficient, and I am always happy with the quality of their work.

02-Mar-2018

We are always impressed with the speedy, efficient and competent service we receive from John and Peter of HB&M. All done in a pleasant and friendly manner.

29-Jan-2018

Over three years Homecare Building and Maintenance have carried out five projects for me and have all been done at the highest standard, would certainly recommend them.

29-Jan-2018

Excellent

15-Dec-2017

First class in every way.

08-Dec-2017

Prompt, efficient, excellent service. Would not consider using anyone else.

09-Sep-2017

I contracted the company to undertake additional work to the main job (described in my earlier feedback). The additional work was to relay a section of block paving and replace some aging and poorly installed UPVC windows and doors - all of which was estimated for,

	<p>came in within budget, and was completed to a high standard. With time and money to spare, I was in a position to ask the Littlejohns to attend to various smaller jobs. These they also kindly agreed to, with typical good humour, finishing in just a couple of days, and at a very reasonable cost!</p>
09-Sep-2017	<p>The main job (extending and refitting a bathroom) demanded ingenuity and skill. Having employed the Littlejohns before, I knew them to be careful and considerate workmen with a wealth of experience in the building trades. They consulted at every stage, suggested improvements to what I had planned, went out of their way to source the materials we needed, and completed an excellent job, on time and within estimate. Neighbours commented on how tidy their work was.</p>
12-Jul-2017	<p>Prompt, efficient, reliable, friendly. A family business with integrity and value for money. Good quality outcomes.</p>
12-Jul-2017	<p>Homecare building have done a lot of work over the past two years, always to the highest standard. This time it was to replace the side entrance door to the garage. Superb!</p>
12-Jul-2017	<p>Excellent service in every respect.</p>
03-Jul-2017	<p>I have used this company many times over the past two years and their work and commitment as always been of the highest standard. (projects include new bathroom, new kitchen, replacement front doors and many window replacements).</p>
03-Jul-2017	<p>Very clean and the work was to a high standard. Would recommend them to anyone.</p>
16-Nov-2016	<p>The service and helpfulness were excellent. Very friendly and accommodating, cleaned up after they finished, would recommend them to anyone.</p>
07-Oct-2016	<p>Homecare Building & Maintenance is a small family company recommended to me by David Challoner, who prepared the plans required by the local council for the conversion of a garage and small workshop to a kitchen/utility/dining room plus lobby. The two hands-on directors of the company, Peter and John Littlejohn, have long experience in the building trade. Where necessary, they used the services of two bricklayers, an electrician and a heating engineer - men whose quality of work they knew they could rely on. They advised on the design and materials, negotiated the inevitable unexpected problems, and saw the whole job through without fuss - always tidy and considerate - and a pleasure to have around in what proved a lengthy process.</p>
14-May-2016	<p>Probably the best builders we have ever used. Nothing was too much trouble. Great care was taken to minimise any disruption to our lives. They worked in a clean and organised manner and within the time scale they had told us. The end result is all we hoped for. We will definitely use them again and have already</p>

	recommended them to friends.
08-Apr-2016	Very conscientious and hard working. Very considerate whilst working in our home.
16-Mar-2016	This is the third time we have employed homecare building and once again we are very pleased with the way they have carried out the work.
16-Mar-2016	Homecare carried out a renovation and re-fit of the kitchen by knocking two rooms into one, thus making a large and spacious kitchen. Several technical problems has to be solved and the final finish is immaculate.
27-Oct-2015	Pleasant and efficient service with minimal disruption a difficult job well done.
26-Oct-2015	We have used this company a number of times and have every confidence in their work. They always go the extra mile to meet your needs and ensure you are happy. Nothing is too much trouble.
29-May-2015	The company quotes for and carried out a total refurbishment of the bathroom. During the refurbishment - a number of unforeseen setbacks and additional requests occurred which they dealt with thoroughly and cheerfully. The standard of work was excellent and we would not hesitate to re-use them.
29-Apr-2015	Very good workmanship and clean and tidy.
22-Apr-2015	Homecare Building removed the dividing wall between toilet and bathroom and refurbished the bathroom installing new bathroom suite, floor tiles and wall tiles and re-plastering where necessary. The work was faultless throughout, superb!
21-Jan-2015	I would always use Homecare for any future building work I want to have carried out. Their work is of a very high standard and they are reliable and careful. It can be stressful having builders in the home, but they are a pleasure to have around.
21-Jan-2015	Excellent communication from the initial quote to the completion of the job. I used Homecare to have an extension built onto my house and would not hesitate to use them again for future projects. Professional and polite at all times with an excellent standard of work. Highly recommended.
21-Jan-2015	Homecare Building and Maintenance are a family firm and we would definitely recommend them. They use quality materials and the standard of work is excellent. They are versatile, reliable and they are extremely hard working. Nothing was too much trouble for them. They recently built a utility room extension for us, including fitting all the units, and carried out a garage conversion. They also carried out work on our main bathroom. We had the bath removed and a large shower unit installed. They did a brilliant job on the tiling. They added tiles to existing ones and the work is so good that you cannot differentiate between the new and the old. We are very pleased with all works carried out.
13-Jan-2015	Pete, John and Sam are friendly, reliable, hard working

	<p>and able to turn their hand to almost anything. They were happy to construct hidden beams in our kitchen, which other builders were unprepared to do; this allowed us to plan the space as we wished and it now looks great. They also dealt with difficult situations efficiently and without panic such as when they replaced the double glazing of our substantial patio window in our living room in the middle of winter. Unfortunately the frame crumbled away (because it was rotten) when they took the existing single pane out. They ended up having to reconstruct the substantial window from scratch in one day at no notice and without any of the materials to hand. This they did even though it required them to work in freezing temperatures late in to the evening to make the house air tight. We are happy with their work and would use them again.</p>
16-Dec-2014	<p>Pete and family/team are great, We've used them for a number of small and large jobs including our front wall, bathroom and kitchen. We have found them to be friendly, helpful, fair, trustworthy, good value, flexible and they do great quality work, which is why we have had them back and will do again. Our neighbour has also used their services and was very pleased with their work too. I would highly recommend them.</p>
16-Dec-2014	<p>Excellent communication from the initial quote to the completion of the job. I have used this company twice now and would not hesitate to use them again for future projects. Professional and polite at all times with an excellent standard of work.</p>

15-Dec-2014	<p>Fantastic all round service. From the initial quote to the completion of the job, Pete and his team took care of everything. Courteous, polite and always helpful and friendly. First class service and an excellent end result. Would not hesitate to recommend!</p>
15-Dec-2014	
09-Dec-2014	<p>Another first rate job. Excellent work and highly delighted with the result. Pete is very good at communicating with his customers, who are kept fully informed as to when the work is going to start. Just as important, Pete notifies customers in good time if</p>

	<p>adverse weather has to alter the schedule for exterior work - as in our case. So refreshing from other past experiences. Cannot speak too highly of Pete and the team!</p>
09-Dec-2014	<p>would always use Homecare for any future building work I want to have carried out. Their work is of a very high standard and they are reliable and careful. It can be stressful having builders in the home, but they are a pleasure to have around.</p>
08-Dec-2014	<p>An excellent job from start to finish. Cannot recommend the firm highly enough. Pete explained the details that the job entailed and was friendly, helpful and very business-like. He also gave advice on an unrelated problem. His team carried out the work with the minimum amount of disruption or mess and everything was left clean and tidy. It was reassuring to have a good job done at a fair price by a firm in which we had total confidence.</p>
04-Dec-2014	<p>from the outset homecare buiders were very polite and punctual they told me exactly what was what and gave me definitive answers to my problems where other big competitors just gave me the quick fix, in every job i have had them do the level of craftsmanship and professionalism was second to none and i found they wernt afraid to work hard often not stopping without comprimising on a great finish i have no reservation reccommending them to friends the ones i havent already, they have done many jobs for me from bespoke bedroom wardobes and dressing tables to damp proofing and patch plastering, overall absolutely brilliant!</p>

03-Dec-2014	<p>Peter and the homecare family were brilliant. They bent over backwards to get my job done before my son was born. I've never known such a hardworking group of guys, they were always punctual, always tidy, and got thee job finished to a high standard.</p>
03-Dec-2014	<p>Good all round service from estimate to the completion of work</p>

03-Dec-2014

I would always use Homecare for any future building work I want to have carried out. Their work is of a very high standard and they are reliable and careful. It can be stressful having builders in the home, but they are a pleasure to have around.
