16-Nov-2017	Danny was professional and positive. He arrived on time and the work was done at the agreed cost. He worked quickly and carefully to get a new lock installed on the front door of a house I had just purchased. The job was not as straightforward as it first appeared but his patience saved me having to get new door handles as well. He even helped to fix the door! I will be recommending him to anyone who needs a locksmith.
09-Aug-2017	My backdoor lock failed and would not shut / lock. Called Keymark and Danny arrived 1.5 hours later. He quickly identified the problem, discussed the solution and quoted the cost of spares and labour. 30 minutes later the lock had been repaired, the mechanism was serviced and the doors re-aligned. Service and workmanship were excellent and I would recommend Keymark without question. Thank you.
