I was very pleased with the two days work Laurence, Dan and Troy did. I found this firm very good at keeping in touch re quotes/arrangements/follow-up, considerate, courteous, unobtrusive. They moved a heavy urn in order to complete the work without fuss. They left the garden very tidy.

Laurence and his team (Darren and Troy) have worked on my garden for the last 3 years. On this occasion they were pruning and felling some trees, using the chipper, to let light into the garden. They have previously also ground out some tree stumps. They are all highly professional, have a great sensitivity for the work they carry out being careful around the plants and Laurence recommends the best options and I trust him 100%. I have been delighted to see the impact his work has made and Laurence is always interested to see how the trees progress after pruning/pollarding/"shaping" (sorry I do not know all the technical terms! His work is of a very high standard and they are very tidy and take pride in their work. I would have no hesitation in recommending Laurence and his team and would like to thank them for the work they have done for me to date.
