I had been suffering with headaches and lower back pain for a number of years. Plus a stiff neck and aching shoulders from doing a desk job! I was unsure about Chiropractic treatment so arranged a complimentary chat with a Chiropractor at Lushington. All the staff were so friendly, really putting me at ease and answered all of my questions. I had the initial consultation, which was really thorough, the Chiropractor was very knowledgeable and made me feel relaxed. I've since had a series of treatments which has really helped and I feel so much better in general. I've been given some great lifestyle tips and exercises too. I'm due to go for a sports massage at Lushington, alongside Chiropractic appointments as a kind of maintenance programme to ensure I stay in good shape!

My wife and I needed to continue chiropractic

	treatment when we moved to Eastbourne area 10 years ago. They proved their worth giving expert treatment for our continued health in our advanced years.

09-Dec-2014	Before I started having treatment here, my spine was stiff and very painful at times. But since my first treatment, the pain is a lot less frequent and my back feels more fluid and flexible. Very pleased with the results.
