12-Dec-2014	Last year my husband was in the hospice with terminal cancer, he was due home on Boxing Day. I contacted Prestige Lifts on the 20th December, they installed a lift the next day. The earliest any other company could do was 2 months. My husband sadly died in the February but the lift was such a help to him. I have just returned home from hospital after breaking my hip. The care team said I would have to sleep in my arm chair as my foot would not clear the platform at the top of the stairs. I phoned Prestige at 4pm, by 8.30pm they had adjusted the board so I could sleep upstairs in my bed. The kindness and customer service is second to none.
