25-Apr-2023

We've used Locks4less multiple times across different properties as we know they'll complete the job perfectly and won't rip us off like many of the ads and "businesses" that quote low-rates but suddenly find a non-existent fault and hike up the price. They are very competitive, extremely quick to respond and do it with a smile. You will not find anyone better than Locks4less anywhere! Thanks again

05-Apr-2023

Easy to arrange work through this company with good reviews. Completed at time promised at the price agreed in advance. Would certainly use again

15-Nov-2022

Arthur was a pleasure to do business with! He was very quick to respond to all contact & messages & was available almost immediately & was very flexible with days/times. He also provided information on the differences between different products & gave prices BEFORE I booked him to do the the job so I could decide if I wanted to use his services or not so he

- wasn't pushy at all which was a nice change! He did a great job of changing the handle on my old UPVC back door which was very loose & didn't have long before it fell off! He arrived on time & was friendly, polite, helpful & explained everything without being patronising & he worked outside in the rain like an utter star! I would 100% recommend Arthur & Locks4less & I would call him first if I need a locksmith again! Thanks Arthur!
- 11-May-2022 First class service!. Went to Essex County Council Buy with Confidence and this company came up. Phoned them told them what I required, they explained on phone what they could do. On arrival showed me every part they would use and the cost of all of it and how it worked, leaving me very clear in what I was getting and paying for. Work was carried out with professionalism, cleanliness and care. I have no hesitation in recommending them to absolutely anyone. I have spent 40yrs in excellent customer service and it was good to see it is still out there. Great Company!
- 14-May-2021 First class service. Arthur attended our property to repair and replace the mechanism and cylinders of our front and back PVC doors. Friendly, efficient, top quality work at very reasonable prices. Good old fashioned honest quality master locksmith stuff. Can't recommended Locks4less enough. 5 Stars.
- 12-Apr-2021 I needed a new lock fitting as it broke this morning. Arthur came a few hours later and replaced the very old one. I used him about 10 yrs ago too, when I locked myself out, and was delighted with his prompt and efficient service then, as I am now. Value for money and reliable and very competent. Strongly recommend.
- 09-Feb-2015 I used Locks4less Locksmiths to replace my conservatory door. I was given a temporary lock whilst a new lock was ordered. The engineer - Arthur was very honest and transparent about what the costs would be. He works to a high standard and is very professional and friendly. I would highly recommend this company, as they can be trusted, which is rare today.
