We presented some extra challenges with the need to lower heavy items over 1st floor balcony railings - and required the removal of several large specimen shrubs. The guys were outstanding - real 'can do' people, Good humoured too! Wouldn't hesitate to recommend this firm and we will be using them again when we move again.

Todds were amazing. What a stress-free way to move. We moved from a 2 bedroom 2nd floor flat (without a lift!) and the movers didn't even blink. They took down lots of heavy possessions such as the fridge/freezer, sofa, piano, bed etc without any hassle at all. On the day they used special coverings to protect certain items like the flatscreen TV and sofa and were very careful with everything. They were a joy to have around on the day and brought some light to what can be a very stressful occasion. They were fantastic. I cannot praise them highly enough.

25-Feb-2018	Todds Removals were fantastic and really took the stress out of the removal process. Barry and Steve worked really hard all day, were polite, helpful and went beyond expectations- Barry even mending our vivarium that we had not set up correctly. All told, a fantastic removal company- one that weâ€¦!! recommend to others and use again, as and when we next move.
