My elderly mother urgently needed her paving relayed because it was a tripping hazard to the Carers. We found Chris's company on your website. He was very prompt at calling to give a quote for the work and actually managed to fit the work in earlier than plan which we are extremely grateful for. The quality of the work is excellent and we wouldn't hesitate to recommend him to friends and to get him to do further work at our mother's property if its ever required.

First class company with polite hard working employees that know their stuff. They were conscious of neighbours access, and left all areas very clean at the end of each day. The patio area paving they provided was better than I had hoped for. I would not hesitate to recommend Golden Stones.
