11-Sep-2015	We had our front drive & side return block paved as well as patio in back garden with path. Have nothing but praise for Craig and his team - fantastic job! Before choosing a firm to do the work, we were very apprehensive about finding a reputable, reliable, professional team to carry out a large job. We did a lot of research and largely chose to go with this firm as it was approved by Trading Standards. We were so pleased we did this as they really did transform our outdoor space. They willingly carried out agreed alterations and offered ideas that we had not considered. We wouldn't hesitate to recommend this firm and have done so via social media. Many neighbours have been impressed with their workmanship and the result.
