Lovely company, kept me updated with how Covid was affecting their work and when George came to do the work Covid guidelines were observed. He (and the company) was professional and courteous, on time and left the place very tidy. I will happily be using this Company again if I need any further electrical work.

ALB responded to my email enquiry very promptly, visited, quoted and carried out the first part of the work for the new shower in the bathroom, all within a week. Great service. At a later date, Tom, Dominick and Alistair came to do more major work on the consumer unit. They were polite and pleasant and worked well as a team together. I had no worries leaving them to get on with the job. It was great to have it done so quickly and we know the electrics are safe for our family living there. I have no hesitation in recommending ALB for Electrical work and would use them again.

When we had Tom out to quote he was so friendly and helpful which helped with our decision to use the

company. The whole process from quote to finish was easy and friendly and a pleasure to do business with. Tom and Ali attended the first day with Dom joining them on the second day. I have never met such friendly, polite lads who did an amazing job and nothing was too much for them. I would highly recommend this company and will be using them for all our future works. It's a shame I can only give them 10 out of 10 as they really were fantastic. Even their beautiful singing hasn't put me off.

Really pleased with the service. Friendly, reliable and efficient. Excellent.
