What a great company to deal with, very friendly and professional. Mark was the one who come around and cleaned my block work in my garden. He was very clean and tidy and put all of my garden furniture back to its normal place. I was quite taken back on the value I got for my money was expecting it to be top heavy. My blocks have been brought up looking like new which I was not expecting that. I will be using this business for all of my cleaning requirements. This business deserves the 5 start rating that I have given it. TOP COMPANY thanks again Mark.

Colin provided excellent correspondance in organising for our block paving driveway to be cleaned, weed killed,

- treated and re-sealed while we were on holiday. We returned to a fantastic completed job. They had said that it would look as good as new and they weren't lying!! The finished cleaned result was incredible - no weeds in sight and looked amazing. Would definitely recommend this company for customer service, job satisfaction and value for money. Thank you for such a fantastic job!
- 22-Mar-2019 All external render, fascias & windows cleaned with very good results. Paid exactly as quoted. Very friendly, attentive & professional service. Would recommend.
- 22-Mar-2019 I had a very large area of brick patios and paths cleaned with a superheated water system. The paths looked like new and there was no damage to the paths, all at a competitive cost.
- 21-Feb-2019 Cleaning of K Rend and guttering. Completed efficiently and effectively. Very pleased with the result. Most friendly and efficient, will definitely use again.
- 27-Nov-2018 Excellent job. Friendly service, patio as new!
- 13-Nov-2018 Rear Patio and Side Footpath cleaned at property we rent. Considering neither had not been cleaned in years, if ever, the end result was quite impressive. Whole process took approximately an hour and twenty minutes. Cost Â£145. Without any other quotes uncertain whether or not pricing is competitive. I phoned Allseal as the email i received was regarding cleaning our Front Driveway. Which was incorrect. Although i did book it online and may have mistakenly selected the wrong option. I informed Mark that it was our rear Patio that required cleaning. Our appointment was for 011.00hrs. Mark informed me he was on his way to us if that was okay. He arrived at 010.00hrs. It wasn't really convenient but i accommodated him. Mark was professional and courteous. Quoted for Footpath and cleaned
- 09-Oct-2018 The patio was really infested with lichen/algae embedding itself into the slabs. Allseal treatment made it look as good as new. I'm surprised every time I see it. One problem is that some small plants suffered from the spray, if we had been warned we might have been able to protect them.
- 29-Aug-2018 The initial part of the work (patio cleaning) was completed well, but despite regular emailing since may 2018, we have yet to to have had the rest of the job done. Several reasons were initially given as to why the job was not completed (bad weather, staff sickness, staff holidays etc) but we are still waiting to have the grouting finished and the patio sealed. The company is now not responding to our emails and has left us in the lurch so we are left with no other options but to leave this review. Response from business: This patio was initially cleaned, however, the rain came so grouting could not be carried out on the same day. The customer then emailed to say how delighted she was

	<p>with the result. As month end was approaching, we asked for part payment of the work completed to date, which is stated in our terms and conditions, whilst waiting for another slot to complete the grouting and sealing. Contrary to the customer's comments, the grouting was completed as soon as it could be fitted into the diary, juggling weather conditions, one staff member sick, and of course other customers already booked in. We then received a series of emails from the customer stating they had paid for the work, but that we were yet to complete it, which was absolutely not the case. The only payment taken was for work completed. In fact, payment was still outstanding for the grouting. After further emails were received from the customer implying we were not acting professionally, and threatening to "take matters further", we explained we don't tolerate this kind of behaviour and that now there was bad feeling that we would not be carrying out the sealing of the patio, but payment for the grouting was still required, and to date remains unpaid.</p>
09-Jul-2018	Complete professionalism from start to finish. Excellent workmanship. My Block Pave drive looks brand new.
