16-Nov-2015	From the initial visit, Andy understood what we wanted (remove old concrete paving, patio slabs and decorative wall to rear and side of house, build new retaining wall, lay new concrete, build new steps etc.) and the quote was detailed and clear, and competitive. We made the right decision in choosing Andy, although we had to wait, this wasn't a problem for us, and once he started he kept us informed and worked hard, even when conditions weren't good. Impressed with his workmanship, first class, and he is easy to talk to and discuss options with as the work progressed. Andy also sorted out several drainage problems uncovered along the way, which we are very pleased with. Highly recommended.
