Excellent & professional service.

I can't thank Simon Becheley and his team enough for the outstanding job they have done in converting our garage into a cloakroom and study and enlarging and refitting our kitchen. They also converted and enlarged an existing ensuite shower room in to a wet room. Despite a small problem they deserve an excellent rating as they have remedied this immediately and with great customer service. I highly recommend them.

From the first visit by Rich to provide a quote the level of service was brilliant. The quote was accurate and the project completed on time. The site was always tidy, the men polite and the work completed to a high standard. We removed the windows and roof of a conservatory and added some brick work, new windows and a Guardian roof and are so happy with the final result. The room is lighter, brighter and warmer which means we can now use it all year round. I would recommend them 100%.

Clear "can do" attitude from Richard which gave me confidence that urgent safety and repair works would be handled professionally. Good advice provided on reconstruction details for split brick piers and new bespoke fence panels. Kept informed about programming of works and all carried out to a high standard. Reliable, quality service from a local company.

BBM Ltd did all of the above mentioned work on our house and it was a pleasure to have them here enhancing our much loved home. They worked with us

14-Aug-2017	<p>on ideas for the alterations and listened to our needs. The workmanship is superb and the disruption was minimal. Wouldn't hesitate to use again.</p> <p>Simon's work from start to finish was extremely highly professional. It's a welcoming breath of fresh air to get such a 1st class service instead of either been ripped off or getting a 2nd class service. He said to me there is no point in giving 2nd class service for a quick buck because my pride and reputation is worth more to me than money! I can certainly recommend this company without hesitation and without reservations. I shall certainly be having him back next time round. Thank you again for such a wonderful service.</p>
22-Mar-2017	<p>I can highly recommend Becheley Builders who completed building work for us to take structural walls down to create a new kitchen. They are a great team, really high quality of work, very professional, very clean and have given us loads of help and advice on decisions along the way which has been invaluable. I couldn't fault them and we are so pleased with the end result.</p>
21-Feb-2017	<p>My garage, largely used as a storeroom, was converted into a brilliant kitchen space by BBM. Perhaps a better word would be transformed. Communication on the project was excellent from first to last, and the work undertaken with precision and care. Generally there was one or more of the company directors on site working, and quality control was good, though rarely needed. Work was done with care, and with minimum mess. I can highly recommend them. I am really pleased with the end product.</p>
02-Mar-2016	<p>First class and quick response to initial enquiry. Efficient and good quality work carried out by friendly staff. Work areas cleaned up and left neat and tidy every day. Quotes and invoice provided efficiently, overall excellent.</p>
