Very good service. Reliable. Hard working. Very pleasant and polite. Nothing too much trouble. Included a couple of extra tasks at no extra charge.

This work was never going to be an easy one, situated in a Close with limited access. Jimmy and Mat excavated both frontages and removed the old driveway in no time, with walls to build and block paving to lay plus a new driveway there was a lot of work to do, from start to completion we knew that we had chosen well, these two worked well and kept any mess to a minimum cleaned up at the end of each day, and we thought we knew what we wanted in a design, but when Jimmy laid it out he was only too happy to spend time and patience to ensure it was right for us. Start to finish superb, if you want quality look no further these men are superb at what they do and you will be eternally pleased with the finish, there are not enough stars to say how happy we are with the job, I know that you will be totally happy with these guys if you employ them.

From the very start the team were very well organised and professional. we were kept informed throughout the work. we asked for extra work to be done which was completed in the same time allowed with minimal disturbance. the quality of work is fantastic and when we are ready to have some more patio and pathway work we will be calling Jimmy and his team to come and work their magic.
