Nick and David turned up promptly. They were very polite and friendly and got down to work quickly. The laminate floor they laid in our downstairs toilet looks very good and they were very patient, despite it taking so much longer to do than they expected. I would wholeheartedly recommend them.

I was impressed by the work done and the fitters who did it. The finish achieved is excellent and this is due to the time taken to fully prepare the floor which was not easy.

Martin and the team were an absolute pleasure to work with from start to finish. Professional, friendly and gave great advice for our needs. Quality of workmanship was amazing and can't thank them enough for the massive improvement that their quality work has made to our home. We have more flooring requirements in the future and will be straight on the phone to them when we are ready to go. Thank you to the team for everything and will certainly recommend to anyone I hear that needs this service.

Martin, Claire and Nick helped us completely replace all carpets and laminate flooring as part of our home renovation project. They were all extremely helpful - from the start in choosing carpets and flooring, allowing us to take samples home to try through to the installation itself. Martin and Nick installed the flooring to an excellent standard, taking care not to damage anything, cleaning along the way - but most importantly, taking care to ensure the installation was done properly. Highly recommend

Couldn't have been happier with our experience with Best of Flooring. It took us 14 months to decide on the wood we wanted to use, and the team were so patient and accommodating, organising sample after sample and sending lots of great recommendations to help us make our final decision. We were booked in really quickly once we made our choice and the guys worked so quickly once here. Our house is a little chaotic with

	<p>babies, dogs and cats, and both my husband and I working from home but they worked around us without any fuss. We are so happy with our flooring, we definitely made the right choice and the Best of Flooring guys weren't happy until they'd got it perfect. Gave us great aftercare advice too. Honestly couldn't fault the experience.</p>

02-Nov-2021	<p>The Company name says it all. "Best of Flooring". Not only quality products but also quality and care taken when fitting. All too well an expensive investment in flooring of your choice can look cheap when not laid correctly. Martin is a tradesman who takes pride in his work and provides a level of service above and beyond. Would not hesitate to use and recommend to anyone looking for a highly reputable flooring company.</p>
03-Oct-2021	<p>This is the second time we have used Best of Flooring. This time laminate flooring was replaced in hall, landing and dining room and stair carpet was replaced. As with the previous work, great attention to detail was given to the preparation and the work was completed with excellent quality. Great service throughout from advice on selection of flooring, scheduling the work and checking with us during the work on some of the adjustments to finer finishing details. The end result looks great and we would highly recommend Best of Flooring.</p>

30-Oct-2019	We appreciated the advice given regarding a quite awkward floor of very uneven paving slabs in an outside glass room. We now have a very well laid herringbone wood floor. Very happy with the overall service, attention to detail and final finish of the floor.
