Comments from consumers who have used this trader

14-Nov-2014

We had three new more efficient radiators installed with new thermostatic radiator valves. The work was carried out quickly with very little fuss, a pleasure to have the engineer in the house. Dust sheets were put down everywhere and all was cleared away at the end of the day, you wouldn't have known he'd been there. I will continue to use them and have no hesitation in recommending Buxton Heating to family and friends.
