C & D Trees arrived on time & were quick to start work. They removed a large conifer & ground out 3 stumps for me in about 4 hours. They left the site very neat & tidy & were very pleasant young men. I would thoroughly recommend this company, they were extremely professional from first contact to completion of the job & invoicing.

Excellent service. Managed to cut back a very large unruly hedge that hadn't been touched for a number of years. Punctual, conscientious and very tidy work. All trimmings removed and the area left neat.

This is the second time we have used C&D Trees Ltd. On the first occasion we were away when the work was carried out (felling of three 50' Norwegian Spruce) and returned to find the trees gone and the site cleaned and cleared. This time we asked Nick and his team to remove a very large windfallen Willow. We wanted the branches chipped for use in our grandchildrens play area. Two guys (Jo and Jamie) turned up with a huge chipper and their saws and took half a day to remove the tree, chip it almost entirely and clear the site of any detritous. A brilliant job from a very efficient company and with very polite and courteous workers. It is a pleasure to do business with C&D Trees.

26-Oct-2019	We are absolutely delighted by the service from C&D Trees. This year they did pruning on two large trees in our garden. They are very professional, thorough, efficient, reliable, and also friendly.
15-Sep-2019	The service from C & D Trees was excellent . Very prompt, efficient and professional, both at the estimating stage and for the actual work. The estimate was comprehensive (inc. marked-up photos of what was agreed), and competitively priced. The guys all turned up to do the work precisely at the pre-agreed time, well presented, with all necessary equipment and ready to go . They were keen to talk through the work again before starting, to explain their intentions, double check everything and to make sure I was happy. They were a friendly, helpful workforce and very efficient with all the tasks. All was completed quickly and well, and very much to my satisfaction. All arisings from the work were collected, ground down and removed and the garden was left cleaned, neat and tidy.

10-May-2019	C and D Trees have been looking after the Trees in my garden for some years now and they are always professional, neat and tidy. They are a friendly group and always knowledgeable and thorough. I had a Tree cut down recently and they took all the waste away and left the garden looking neat and swept up after having to carry waste from the Tree through the house. I was very pleased with the work and would recommend this company to anyone looking for a professional job.

31-Oct-2018	Removal of large single tree (approx 12 meters in height) in front garden complicated by restrictive access, adjoining shrubbery and a low voltage overhead power line. All work undertaken in one day - all heavy trunk timber and debris removed immediately and site left tidy. Quotation was reasonable and operatives were friendly and very efficient. Happy to recommend.

11-Jul-2018	Very efficient team who did an excellent job of removing dead wood from an oak tree and trimming a large rhododendron hedge. Very safety conscious. Particularly impressed by the clean-up afterwards - there was no debris left and you wouldn't know they had been. The initial quote was sent very promptly - on the same day - so we were able to book the job and get it completed within 2 weeks
