First class service, advice and on-going reassurance that if the problem resurfaces, help is but a phone call away.

I used Cedar Pests to treat my house for carpet moths. I received extremely good service from them from beginning to end. Claire was helpful and informative when I contacted the office which is why I booked them. Steve arrived promptly and also very helpful - answering all my questions about the product they use and offering helpful advise when asked. The service was conducted smoothly and efficiently. I am now enjoying a moth free house. I would certainly recomend this firm to others.
