Expert service, very professional, high quality work with great attention to detail.

21-May-2019

As always the end result was excellent, all done with no fuss, all left really tidy at the finish. Ian delivered exactly what it "said on the tin", making slight changes following discussion with my wife and myself. He is a very hard worker, usually finishing ahead of time. As noted before, he is a pleasure to have around. We would recommend him to anybody.

Would never consider anyone but Ian for this kind of work. He's extremely conscientious, very adaptable & obliging (needs to be with our changing ideas) & always provides high quality workmanship.

A fantastic service from Ian, who replaced our old fence at the bottom of the garden. The new fence and screen trellis looks great, and a much more sturdy build than the old post and panel fence. We are both over the moon with it. We have already recommended Ian to our friends, and will have him back to do our side fence at a later date. Thanks again!

Ian supplied and constructed our fencing and trellis - he has great attention to detail and did a superb job. Very friendly and happy to discuss what you want and find the best solution.

Ian supplied and installed hardwood Chestnut cleft 2x rail fencing to the front garden. The decorative gravel was matched and top dressed with the existing stone. All work was to a high standard on completion. Ian is a very pleasant professional and I would be pleased to recommend his work.

The paving, drainage and decking work was of an excellent standard and we were consulted throughout the design and installation process to ensure we were happy. We were very much involved and very pleased with the result. Ian is very trustworthy, friendly and approachable - the site was left as tidy as possible

	<p>each day too. Looking forward to Ian returning for our next piece if work.</p>
01-Dec-2018	<p>We have used Ian for garden work previously, and were again very happy with the work that he performed in our rear garden, which included construction of a patio, construction of some steps, replacement of a sleeper wall and some fencing. We were very happy with the work and service that we received, and the way that Ian went about it, and would certainly use him again and recommend him to others.</p>
18-Oct-2018	<p>After I accepted his reasonable estimate, Ian gave me a start date and kept to it. He arrived on time and completed a fine job a couple of days later. He is a friendly, efficient and reliable contractor who I would have no hesitation in using again.</p>

02-May-2018	<p>Ian has completed several projects at my home, all done to specification, in good time, for good value and, above all, with excellent quality and attention to the smallest detail. He is a pleasure to have around. On this basis he was asked to provide a short but essential escape pathway at my church. This was completed in just over half a day and, as usual, as well as the basic requirement, was finished off with thoughtful finishing touches. Those who had not seen his work before were very impressed.</p>

25-Mar-2018	<p>Once again, another fantastic job completed by Ian. He has constructed beautiful steps with old bricks which look completely in keeping with the style of the house. We always appreciate the thought and time he dedicates to getting a job just right.</p>
01-Mar-2018	<p>This is the second time we've asked Ian to do some work for us, after he was recommended by my parents. On both occasions he's had to construct with wood (pergola & steps) and we've been really impressed with the quality and the standard of his work. It's transformed our use of the garden.</p>
27-Nov-2017	<p>We've had work done by Ian on numerous occasions, he is always helpful, open to suggestions as well as offering ideas of his own. He's very flexible and adaptable to our numerous mind changes. Very good to work with.</p>
