We employed Chris Andrews on the recommendation of a friend. Every member of his team was hardworking, friendly and always ready to listen to any concerns. The work is of good quality. They were only too happy to come back, after completing the work before Christmas, to make alterations to the drainage in the light of some very heavy rain in the interim. Delighted with the smart look of our new front driveway/garden. (Note: the feedback relates to CMA Garden Design Ltd rather than the subcontractor).

10-Nov-2015	CMA Gardens worked on a 3 month project for us. They were affected by bad weather but worked hard throughout the build. They were good at communicating throughout the project and continued to work despite very poor weather. Any issues along the way were quickly resolved and the end result is a great garden I would recommend them.
